

Creating a Movement of Digitally Empowered Citizens

Virtual Learning Solutions LTD is a Kenyan training company aimed at building capacity in the incorporation of the 21st century Learning design into teaching and learning. VLS envisions the creation of a movement of digitally empowered citizens who use ICT's in their learning and content delivery.

At VLS, we use a learner centred approach that incorporates all the learning styles of the participants. We combine content with enjoyable meaningful activities in order to ensure a lasting impact. VLS also partners with various technology institutions such as Pearson Certiport, Microsoft, SMC University and Swiss E-Learning Institute to offer various certifications and E Learning programs

3. Bio Metric School Improvement system (BioSIM)

Our partners

IC3 Certification

Registration Cost	Program Cost
Ksh 500	Kshs. 15,000
Program costs payable in 3 installments	

The Internet and Computing Core Certification (IC3) provides both students and job seekers with the foundation of knowledge needed to succeed in environments that require the use of computers and the Internet. The Global Standard 4 is an internationally recognized standard for digital literacy and reflects the most relevant skills for school and business today.

In Kenya IC3 has been accepted as the national digital program. Individuals who are certified in IC3 are qualified to meet the technical requirements that are needed for an entry level employee or first-year college student.

The IC3 Certification comprises of three individual examinations:

- **Computing Fundamentals** - Covers a foundational understanding of computing.
- **Key Applications**- Covers popular word processing, spreadsheet and presentation applications and the common features of all applications
- **Living Online** - Covers skills for working in an Internet or networked environment

Microsoft Certified Educator(MCE)

Registration Cost	Program Cost
Ksh 500	Kshs. 15,000
Program costs payable in 3 installments	

The Microsoft Certified Educator (MCE) is a competency based professional development and certification offering. Technology - neutral, the MCE assessment enables educators to demonstrate competency as outlined in the United Nations Educational, Scientific and Cultural Organization Information and Communications Technology, Competency Framework for Teachers (UNESCO ICT-CFT), Technology Literacy Approach. It also offers an opportunity for educators to differentiate themselves in the education field, and enhance their value for current and future employees.

Our Quality

The Global Digital Literacy Council is a group of experts from academia, government, and industry who determine the standard for training and certification in digital literacy. The IC3 Digital Literacy Certification is ratified by GDLC chapters from around the world. Kenya Institute of Curriculum Development (KICD) is a member of the GDLC.

School Performance Improvement System

This is a school management system that uses the iris as a unique identifier and comprises of the following modules:

1. Enrollment Module which can track student enrollment in schools
2. A Class attendance module that automates tracking of student's class attendance
