

Healthy Africa, Empowered People!

# **CALL FOR EXPRESSION OF INTEREST**

**#22/05/2023**

## **SUPPLY OF PANTS**

## 1.0 Background

I Choose Life - Africa (ICL) is a leading youth-focused Non-Governmental Organization that has significantly contributed to the realization of socio-economic development and empowerment of individuals bringing about transformative change across communities in Kenya. The organization has over 16 years of experience implementing evidence-based adolescent and youth programs in over 345 institutions of learning (Primary, Secondary, and Higher learning institutions) across 26 Counties in Kenya. ICL aims at contributing toward improved life opportunities for adolescents and youth aged 10-24 using a holistic transformational model. ICL employs evidence to design and run innovative and high-impact interventions to improve key indicators in health, education, economic empowerment, and leadership and governance with regard to children, adolescents, and youth. To ensure maximum impact, ICL utilizes a multi-sectoral approach, the Quadra Helix development approach (which brings together the Government, Private sector, Academia, and Civil society) to foster innovative and sustainable transformation in communities. In this model, ICL envisions better health and well-being, quality education, and improved livelihoods for sustainable development. In her work, ICL is guided by Vision 2030 whose objectives it seeks to cascade to counties, sub-counties, wards, organized groups, and households. In her sustainable and transformative service delivery, ICL invests in the generation and documentation of evidence to influence policy and practice. The organization is guided by a vision of a ***“Healthy Africa, Empowered People!”*** and is on a mission to ***improve the life opportunities of youth aged 10-24 through strategic empowerment for sustainable development.***

### 1.1 BRIEF OVERVIEW OF THE PROJECT

I Choose Life - Africa (ICL), through Jielimishe ERIKS Project (JEP), is working with 550 marginalized primary school learners and young mothers/older girls aged 10 to 24 in Turkana West Sub County through gender equality in education. The project aims at breaking the patriarchal structures and increasing equality among the Karamojong cluster through education as a key leveler. The two (2) year project is funded by ERIKS Development Partner.

Following the rich experience and vast understanding of the contextual barriers behind educational marginalization for girls, and the potential that exists amongst them and their communities, Jielimishe ERIKS Project (JEP) seeks to empower girls and improve their learning outcomes and their households using a transformative gender equality lens. The project thus aims at improving the Life Chances of 550 marginalized primary school learners and young mothers/older girls aged 10 to 24 in Turkana West Sub County through gender equality in education by 2023.

### 2.0 OBJECTIVE OF ASSIGNMENT

I Choose Life - Africa, therefore, seeks to engage an individual or organization to supply Panties for JEP 250 beneficiaries supported by ERIKS development partner in Turkana County.

### 3.0 OVERALL PURPOSE

To supply Panties for 250 schoolgirls supported by ERIKS Development Partner.
